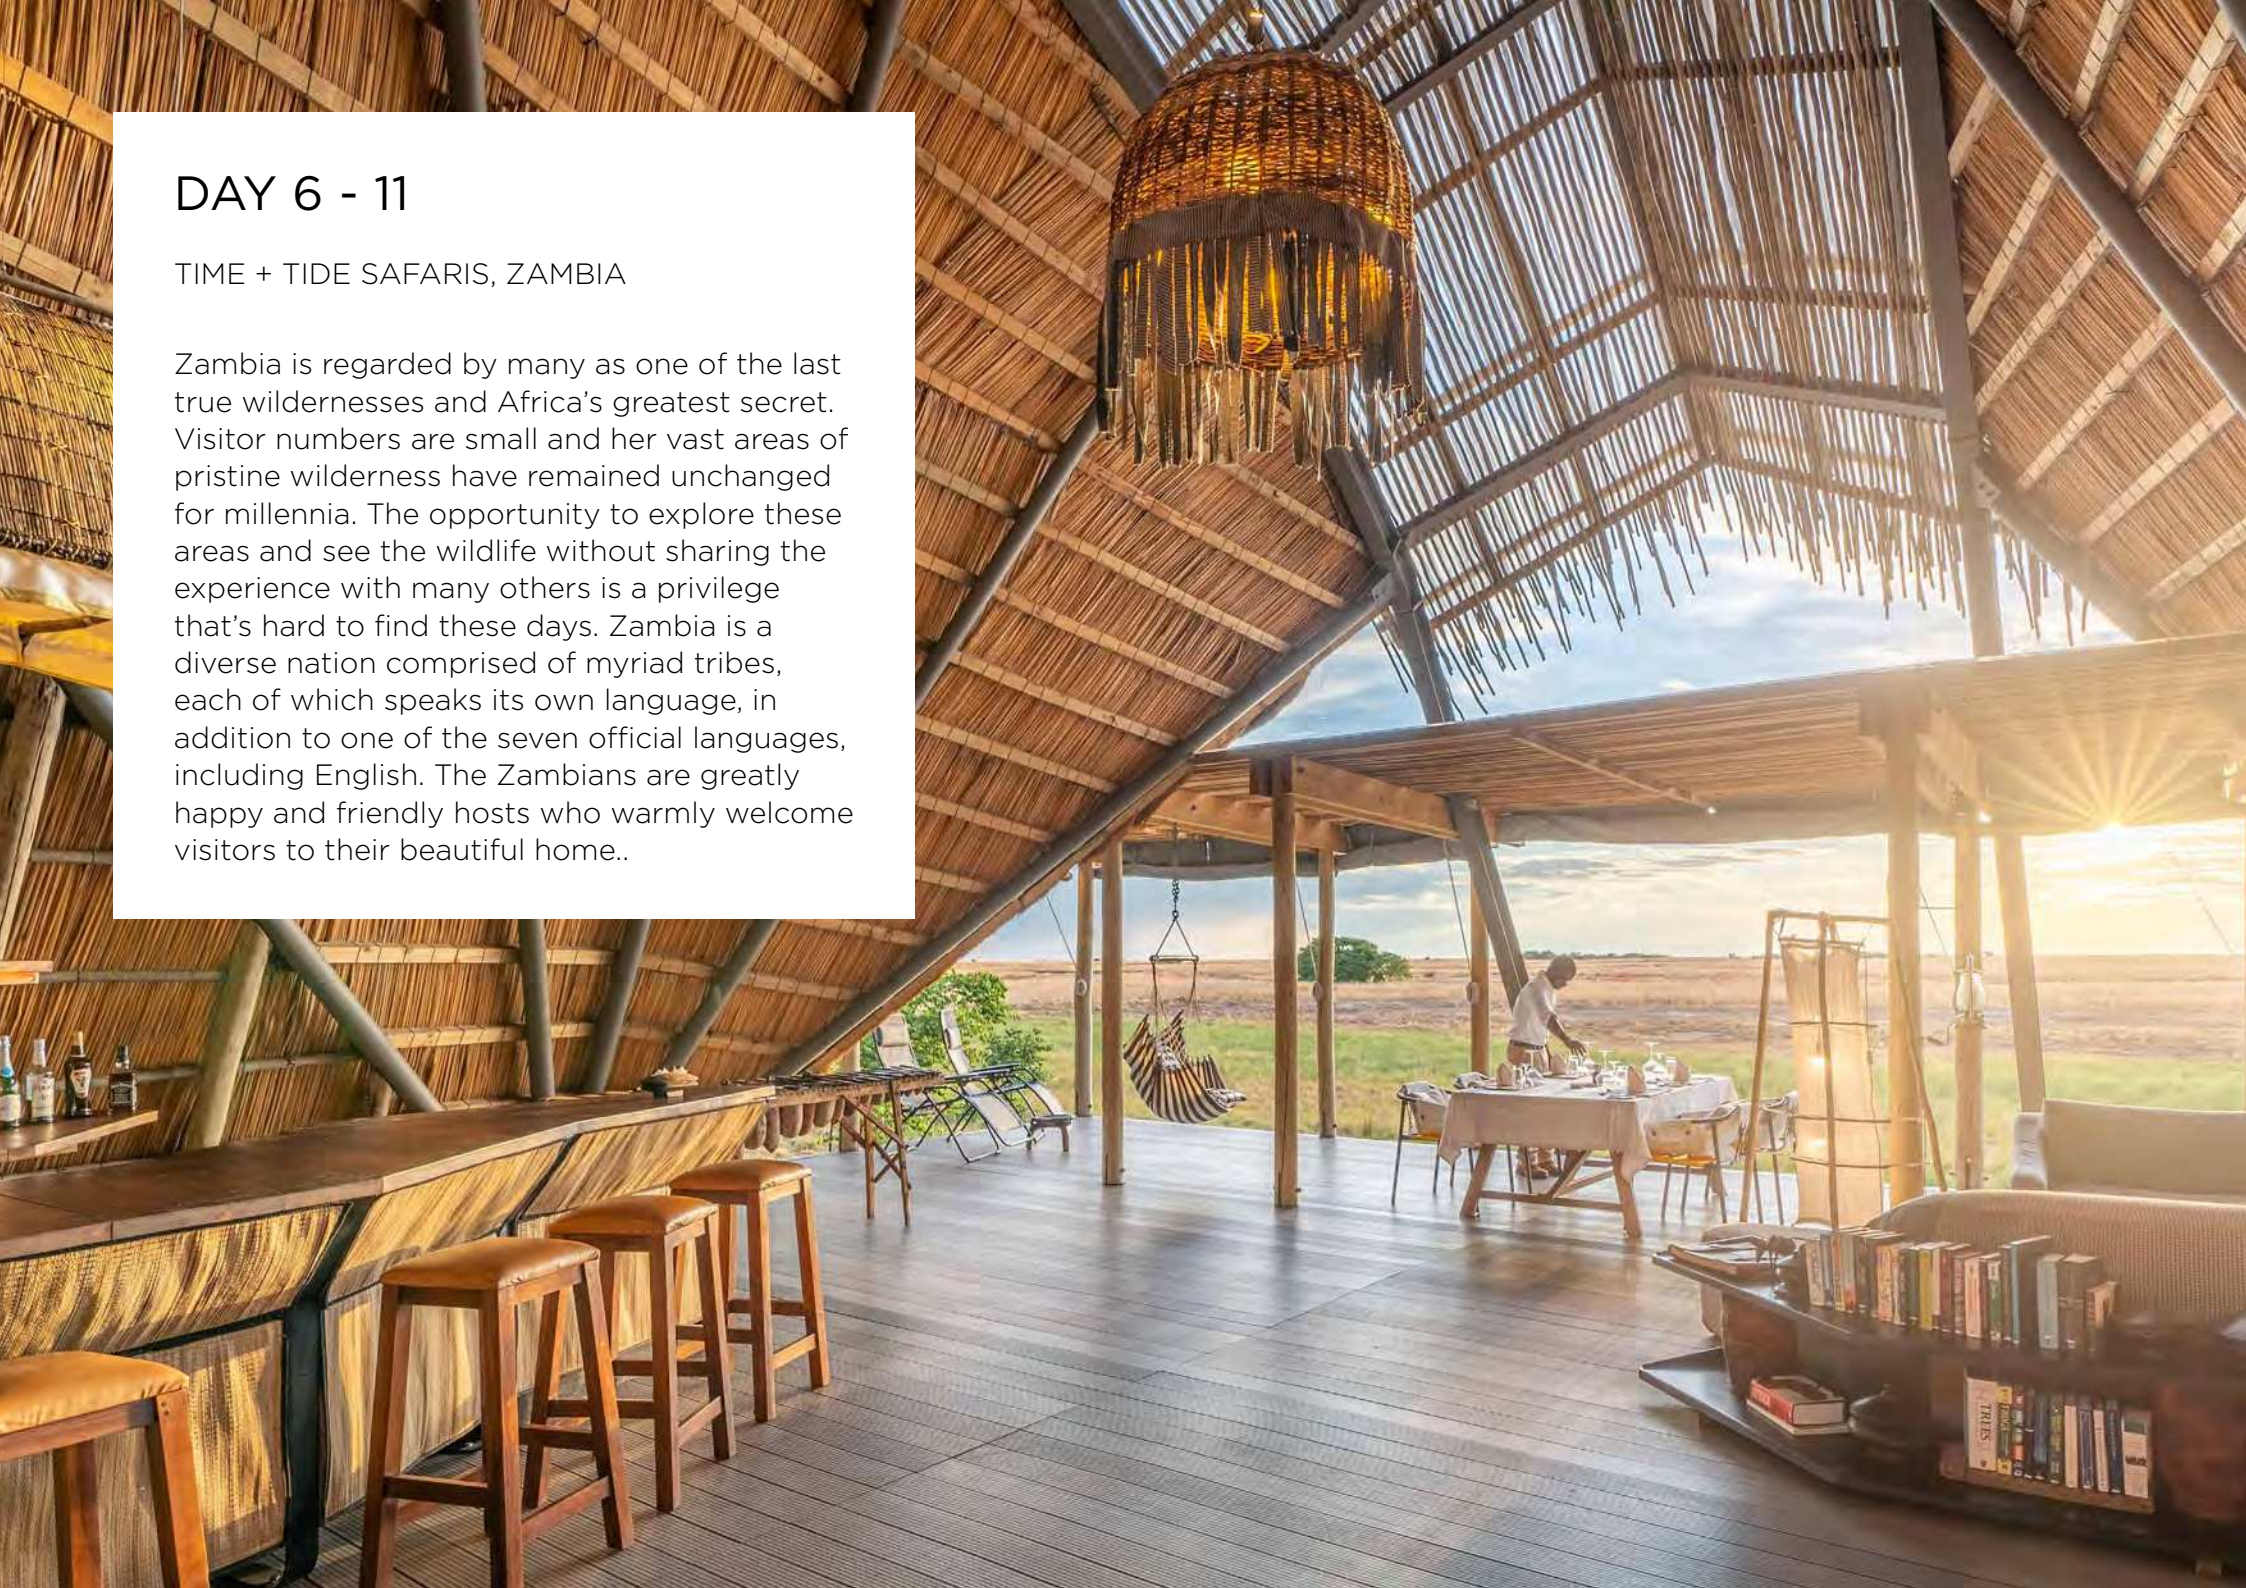
Explore uncharted waters and coral reefs hosting scores of jewel-toned fish. Stroll on the white sand beaches or take a guided nature walk to visit the resident lemurs and nesting sea turtles. Spot dolphins and migrating humpback whales as you gaze out over the Indian Ocean. Contribute to the long-term sustainability of the region simply by visiting. At around 10 square kilometres in size, this intimate haven is just the place to escape and unwind..



DAY 6 - 11

TIME + TIDE SAFARIS, ZAMBIA

Zambia is regarded by many as one of the last true wildernesses and Africa's greatest secret. Visitor numbers are small and her vast areas of pristine wilderness have remained unchanged for millennia. The opportunity to explore these areas and see the wildlife without sharing the experience with many others is a privilege that's hard to find these days. Zambia is a diverse nation comprised of myriad tribes, each of which speaks its own language, in addition to one of the seven official languages, including English. The Zambians are greatly happy and friendly hosts who warmly welcome visitors to their beautiful home..
