

HELICOPTERS AT MIAVANA

Take to the skies in our R66 and H130 helicopters

THE R66 Helicopter

The Robinson Turbine R66 is a versatile single-engine helicopter, designed for smooth and reliable flights. With seating for up to 3 passengers plus the pilot, it offers a comfortable and efficient travel experience, making it ideal for shorter luxury transfers and scenic flights.

- + The cabin's open configuration and wide windows are all designed with passenger's comfort and enjoyment in mind
- + The Rolls-Royce RR300 turboshaft engine makes this Robinson's largest and most powerful helicopter
- + The R66 is renowned for safety and reliability whilst still being lightweight and high-performing

THE H130 Helicopter

Not only is the Airbus H130 world class in safety and reliability, it is also luxuriously designed using cutting edge technology. This single-engine helicopter comfortably seats up to 6 passengers and a pilot.

- + The wide, unobstructed cabin provides outstanding visibility through a large wrap-around windscreen and wide windows
- + Powered by a Turbomeca Arriel 2D engine, the H130 delivers impressive speed, range, and agility
- + This is one of the quietest helicopters in the skies with external sound levels far below the most restrictive limits defined for flights over national parks and wildlife reservations

Luggage Allowance:

The luggage hold on our helicopters have limited space so kindly ensure the following:

- + One soft 70ltrs bag per person with no rigid sides and no wheels
- + Maximum weight: checked luggage 20kg (44lbs) per person
- + Maximum weight: hand luggage 5kg (11lbs) per person

Helicopter Pilots:

Our pilots are commercially licensed with over a thousand hours of experience flying in and around Madagascar. They regularly train in the conditions they operate in and fly with a safety-first mentality.

Helicopter Maintenance:

Our helicopters are expertly maintained by a world-class facility and technicians from South Africa. Our facility/hangar on the Island is immaculate, in many cases surpassing code.

Helicopter Adventures:

Our helicopters are not only used for transfers to and from Miavana. Step into the shoes of a modern-day explorer and embark on our helicopter excursions transporting you to the northern reaches of Madagascar. Several extraordinary national parks and unique attractions are just a short scenic flight away. With our knowledgeable guides, you can explore the region's rare wildlife, remarkable landscapes and fascinating natural history. Madagascar is like no other place on earth. For guided excursions, a private guide will accompany guests in the helicopter. Therefore, maximum capacity is two passengers in the R66 helicopter and five passengers in the H130 helicopter.
